The IEMO 80+ Thyroid Trial

- I have read the information letter
- I was able to ask additional questions
- My questions have been answered satisfactorily
- I have had enough time to consider my participation
- I understand that my participation is completely voluntary
- I understand that I am free to withdraw at any time, without giving any reason.
- I agree that my GP and/or treating specialist are informed about my study participation
- I agree that my GP and/or treating specialist are informed about the results of the blood tests
- I agree that, if necessary, the thrombosis service is informed about my study participation
- I agree to using my data for the aims described in the information letter
- I agree to share my anonymized data with the IEMO 80+ Thyroid Trial researchers
- I agree that medical information from my GP or treating specialist relevant to the study may be requested
- I agree that my study data are stored for a maximum of 15 years after the end of the study
- I agree that the IEMO 80+ thyroid trial researchers can request my cause of death information from the central bureau of statistics to be used for this study
- I do/don’t* agree have additional blood taken at start of study and after one year and store this for maximal 15 year in order to use it for new studies
- I do/don’t* agree to store my DNA in order to do future research
- I agree with participating in this study

* Strike out what does not apply.
