DECISION TO WITHHOLD E-THESIS FROM REPOSITORY

All doctoral candidates submitting their final hard bound theses to the Graduate Studies Office will normally submit an electronic copy to the UCC institutional repository, CORA. CORA is a digital archive of UCC research output and its contents are openly accessible online and retrievable from internet searches.

If you do not wish to submit an electronic copy of your thesis to CORA, you must complete this form with your supervisor and submit it with your hard bound thesis to the Graduate Studies Office.

Note: Even if you are not submitting an e-thesis, you must still upload your thesis abstract to CORA before submission of your hard bound thesis.

Please outline your reason for withholding your e-thesis

None of the work has yet been published,

disclosing thesis content through CORA hinders that

prospects. The material developed also has potential I.P. value.

I confirm that the above student has consulted with me on the decision not to archive an electronic copy of his/her thesis in the UCC institutional repository
