DECISION TO WITHHOLD E-THESIS FROM REPOSITORY

All doctoral candidates submitting their final hard bound theses to the Graduate Studies Office will normally submit an electronic copy to the UCC institutional repository, CORA http://cora.ucc.ie . CORA is a digital archive of UCC research output and its contents are openly accessible online and retrievable from internet searches.

If you do not wish to submit an electronic copy of your thesis to CORA, you must complete this form with your supervisor and submit it with your hard bound thesis to the Graduate Studies Office. Note: Even if you are not submitting an e-thesis, you must still upload your thesis abstract to CORA before submission of your hard bound thesis.

Title of thesis: The Biodiversity, control and genetic characterisation of the Lactococcal 936 group phage.

School/Department(s) where PhD was conducted: Microbiology

Name of Supervisor(s): Douwe van Sinderen

I do not wish to archive an electronic copy of my thesis in CORA, the UCC institutional repository.

STUDENT'S signature: James Murphy

Please outline your reason for withholding your e-thesis

As this PhD was carried out with a European Dairy company some sections contain important information relating to their commercial activities.

I confirm that the above student has consulted with me on the decision not to archive an electronic copy of his/her thesis in the UCC institutional repository
