A film documenting the international SCENARIO FORUM CONFERENCE 2017

Patricia Klich & Maciek Klich

This clip will evoke and inspire: for those who were at the conference *Performative Spaces in Language, Literature and Culture Education* (University College Cork, May 25 – 28), it will no doubt bring back the memories, the connections, the 'aha' moments. For those who couldn't make it, it is a great opportunity to catch up on key issues of the conference, especially as Manfred Schewe's opening interview offers a rationale for performative language teaching. Eva Göksel's enchanting voice features throughout as the soundtrack of the film, a melodic thread that joins different voices together, in her live interpretation of the Irish Raggle Taggle Gypsy ballad.
